HC 244 - National Health Screening Great Britain. Parliament. House of Commons. Select Committee on Science and Technology,Great Britain: Parliament: House of Commons: Science and Technology Committee,2014-10-29 The risks and benefits of participating in screening programmes, for conditions and diseases like cancer, are not consistently communicated by either the NHS or private health care providers, the Science and Technology Committee has warned in a new report. It is calling on the Government to ensure that a standardised process to produce screening information is introduced and that better communications training is provided to health care professionals. A recently revised breast cancer screening leaflet for the 50-70 age group - with its more explicit focus on helping women make an 'informed choice' about whether screening is right for them - marks a step in the right direction. However, the inquiry found that the principles followed to revise this leaflet have not been applied to the communications developed by other NHS screening programmes. The Committee recommends that steps are immediately taken by the Government's advisor on screening, the UK National Screening Committee (UK NSC), to devise and implement a standard process for producing information that facilitates informed choice. It also recommends a clarification of what 'informed choice' means for potential screening participants so that different screening programmes can be more effectively evaluated on their delivery of it. MPs are also calling on the Office for National Statistics to validate the statistics presented in NHS screening information to resolve disagreement and confusion over their accuracy.

Jewish Quarterly 244 The Return of History Jonathan Pearlman, 2021-05-06 "For a long time now, the authority of knowledge has been under siege from those who march under the banner of pure belief." —Simon Schama Welcome to the new JQ. The Return of History investigates rising global populism, and the forces propelling modern nativism and xenophobia. In wide-ranging, lively essays, Simon Schama explores the age-old tropes of Jews as both purveyors of disease and mono-polists of medical wisdom, in the wake of a global pandemic; Holly Case takes us by train to Hungary; Mikołaj Grynberg reflects on Poland's commitment to forgetting its atrocities; and Deborah Lipstadt puts white supremacy under the microscope, examining its antisemitic DNA. Recently discovered letters about Israel from Isaiah Berlin to Robert Silvers are published here for the first time. In new sections on History and Community, Ian Black revisits a turning point in the Arab-Israeli conflict, and Elliot Perlman traces the roots of the Jewish farmers in Uganda. And in three insightful, erudite book reviews, Hadley Freeman, Benjamin Balint and Robert Manne cast light on second-generation Holocaust memoirs and the work of Paul Celan and Götz Aly. The Return of History is a truly global issue, bringing together esteemed, well-known voices and those you'll be exhilarated to read for the first time.

Ring Lardner: Stories & Other Writings (LOA #244) Ring Lardner, 2013-08-29 At the height of the Jazz Age, Ring Lardner was America's most beloved humorist, equally admired by a popular audience and by literary friends like F. Scott Fitzgerald and Edmund Wilson. A sports writer who became a sensation with his comic baseball bestseller, *You Know Me Al*, Lardner had a rare gift for inspired nonsense and an ear attuned to the rhythms and hilarious oddities of American speech. He was also a sharp and dispassionate observer of the American scene. His best stories—among them such masterpieces as "Haircut," "The Golden Honeymoon," "A Caddy's Diary," and "The Love Nest"—cast a devastating eye on the hypocrisies, prejudices, and petty scheming of everyday life. In this Library of America edition, editor Ian Frazier surveys the whole sweep of Lardner's talents, offering contemporary readers his finest stories, the full texts of *You Know Me Al*, *The Big Town*,

and the long out-of-print *The Real Dope*, and a generous sampling of his humor pieces, sports reporting, song lyrics, and surrealist playlets. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.
