Project 562 Matika Wilbur, 2023-04-25 NEW YORK TIMES BESTSELLER • A photographic and narrative celebration of contemporary Native American life and cultures, alongside an in-depth examination of issues that Native people face, by celebrated photographer and storyteller Matika Wilbur of the Swinomish and Tulalip Tribes. “This book is too important to miss. It is a vast, sprawling look at who we are as Indigenous people in these United States.”—Tommy Orange (Cheyenne and Arapaho), author of *There There* Longlisted for the Andrew Carnegie Medal In 2012, Matika Wilbur sold everything in her Seattle apartment and set out on a Kickstarter-funded pursuit to visit, engage, and photograph people from what were then the 562 federally recognized Native American Tribal Nations. Over the next decade, she traveled six hundred thousand miles across fifty states—from Seminole country (now known as the Everglades) to Inuit territory (now known as the Bering Sea)—to meet, interview, and photograph hundreds of Indigenous people. The body of work Wilbur created serves to counteract the one-dimensional and archaic stereotypes of Native people in mainstream media and offers justice to the richness, diversity, and lived experiences of Indian Country. The culmination of this decade-long art and storytelling endeavor, Project 562 is a peerless, sweeping, and moving love letter to Indigenous Americans, containing hundreds of stunning portraits and compelling personal narratives of contemporary Native people—all photographed in clothing, poses, and locations of their choosing. Their narratives touch on personal and cultural identity as well as issues of media representation, sovereignty, faith, family, the protection of sacred sites, subsistence living, traditional knowledge-keeping, land stewardship, language preservation, advocacy, education, the arts, and more. A vital contribution from an incomparable artist, Project 562 inspires, educates, and truly changes the way we see Native America.

Archie #562 Craig Boldman, Mike Pellowski, Bill Golliher, Stan Goldberg, Bob Smith, Jack Morelli, Barry Grossman, *The Book Report*: It's a familiar chapter in the epic novel that is Archie Andrews' life: with Veronica to distract him and technology to baffle him, can he possibly get his book report finished in time? *A Sour Note*: Complication is on the menu when Veronica is taken to dinner by yet another of her father's client's sons... and Archie and Betty are dining at a nearby table! *Blockhead*: Just think of all the money Archie and his dad will save by chopping their own firewood... until the doctor bills for their aching backs arrive!

The New Testament in Antiquity, 2nd Edition Gary M. Burge,Gene L. Green,2020-04-14 This completely revised and updated second edition of *The New Testament in Antiquity* skillfully develops how Jewish, Hellenistic, and Roman cultures formed the essential environment in which the New Testament authors wrote their books and letters. Understanding of the land, history, and culture of the ancient world brings remarkable new insights into how we read the New Testament itself. Throughout the book, numerous features provide windows into the first-century world. Nearly 500 full color photos, charts, maps, and drawings have been carefully selected. Additional features include sidebars that integrate the book's material with issues of interpretation, discussion questions, and bibliographies.

Wealth in the Dead Sea Scrolls and in the Qumran Community Catherine Murphy,2018-12-24 This volume is concerned with exploring sectarian attitudes toward wealth and the economic practices that gave rise to and issued from those attitudes. An introductory chapter establishes the state of the question. Three subsequent chapters focus on major sectarian texts: the Damascus Document, the Rule of the Community, and 4QInstruction A. Other sectarian and non-sectarian texts that mention wealth are discussed in a fifth chapter, while archaeological evidence from the Qumran region and contemporary documentary texts are introduced in chapters seven and eight. Finally, ancient secondary testimony on Essene economic practices is discussed. The book breaks new ground in arguing for several biblical rationales for the practice of shared wealth. Its integration of archaeological and documentary evidence sheds surprising new light on the economic organization of the Qumran community.

The Circle of Knowledge: A Classified, Simplified, Visualized Book of Answers Various,2022-06-02 The Circle of Knowledge is an informative book that was designed in 1917, to be both inspiring and entertaining. The book represents the modern, progressive spirit which fits that time, in its forms of expression and its editorship. The purpose of this work is to answer the why, who, what, when, where, how of the wide majority of curious minds, both young and adult, and encourage them to raise further questions. Special measures were taken in creating this work to isolate essentials from non-essentials; to differentiate human interest subjects of universal significance from those of little concern; to deliver living truths instead of dead vocabulary; and finally, to bring the whole within the knowledge of the intermediate reader, without regard to age, in an acceptable and exciting form. The use of visual outlines and tables; maps, drawings, and diagrams; the illustrated works of great painters, sculptors, and architects all are used to give the reader the valuable and cultural knowledge of past and present.
