The Penitents' Treasury Robert W. Shaffern,2007 The granting of indulgences by the Catholic Church has long been infamous as one of the grounds for Martin Luther's revolt from Christianity in the sixteenth century. Modern scholars have usually characterized the medieval practice as a defective one. In *The Penitents' Treasury*, historian Robert W. Shaffern debunks this argument through a reexamination of indulgences that shows how their alleged evils have been exaggerated throughout history. This provocative volume, a necessary read for anyone interested in medieval history and the history of religion, calls for much rethinking about the state of the church on the eve of the Reformation.

John of Brienne Guy Perry,2013-10-17 John of Brienne's progress, from mid-ranking knightly status to king of Jerusalem and, later, Latin emperor of Constantinople, traces one of the most remarkable careers in the entire medieval period. But how and why did he achieve such heights? This biographical study of aristocratic social and geographical mobility in the 'Age of the Crusades' reassesses John's fascinating life, and explores how families and dynasticism, politics, intrigue, religion and war all contributed to John's unprecedented career. John was a major figure in the history of the thirteenth-century Mediterranean, and yet very much a product of the workings of the society of his day. This book reveals how John's life, and its multifarious connections to France, Italy, the German empire and the papacy, can illuminate the broad panorama of the

early thirteenth-century world, and the zenith of the crusading movement.
