Muslims and Christians in Norman Sicily Dr Alexander Metcalfe,Alex Metcalfe,2014-01-21 The social and linguistic history of medieval Sicily is both intriguing and complex. Before the Muslim invasion of 827, the islanders spoke dialects of either Greek or Latin or both. On the arrival of the Normans around 1060 Arabic was the dominant language, but by 1250 Sicily was an almost exclusively Christian island, with Romance dialects in evidence everywhere. Of particular importance to the development of Sicily was the formative period of Norman rule (1061 1194), when most of the key transitions from an Arabic-speaking Muslim island to a 'Latin'-speaking Christian one were made. This work sets out the evidence for those changes and provides an authoritative approach that re-defines the conventional thinking on the subject.

Henry the Young King, 1155-1183 Matthew Strickland,2016-09-13 This first modern study of Henry the Young King, eldest son of Henry II but the least known Plantagenet monarch, explores the brief but eventful life of the only English ruler after the Norman Conquest to be created co-ruler in his father's lifetime. Crowned at fifteen to secure an undisputed succession, Henry played a central role in the politics of Henry II's great empire and was hailed as the embodiment of chivalry. Yet, consistently denied direct rule, the Young King was provoked first into heading a major rebellion against his father, then to waging a bitter war against his brother Richard for control of Aquitaine, dying before reaching the age of thirty having never assumed actual power. In this remarkable history, Matthew Strickland provides a richly colored portrait of an all-but-forgotten royal figure tutored by Thomas Becket, trained in arms by the great knight William Marshal, and incited to rebellion by his mother Eleanor of Aquitaine, while using his career to explore the nature of kingship, succession, dynastic politics, and rebellion in twelfth-century England and France.
