The New Form 990 Bruce R. Hopkins, Douglas K. Anning, Virginia C. Gross, Thomas J. Schenkelberg, 2008-12-17 The New Form 990 covers the law, policy, and preparation of the new IRS Form 990. It includes summaries of the law underlying each of the parts and questions in the return, so that the preparer can understand the background law in formulating answers on the return. The subject matter is particularly timely and relevant given the release of the draft Form 990 last summer, the expected release of the final Form 990 in early 2008, and the commencement of the first tax year to which the form applies on January 1, 2008.

Form 990 Eve Rose Borenstein, Jane M. Searing, 2018-05-01 Mastery of the current Form 990 beyond its Core Form pages requires an understanding of the Form's transparency demands relating to multiple complex issues, including: Transactions with certain insiders, expanded disclosure of highly-comp'd individuals' calendar year compensation, identifying and reporting in the presence of, related organizations, nuances of the two public support tests, undertaking of foreign operations, and more. This book covers the most advanced tax and nonprofit issues related to Form 990's Schedules. You will not only gain an understanding of the tax and practical points necessary to complete Schedules A, C, F, J, K, L, N, and R of the current Form 990, but you will also be advised as to how to communicate with exempt clients on each of these Schedules' unique demands. This book will prepare you to do the following: Distinguish between the in-flows of each of the public support tests, apply each test's calculations, and identify what defines a supporting organization, and note such entities' types and attendant reporting obligations. Distinguish the reporting obligations of 501(c)(3) organizations with respect to lobbying versus that of the proxy tax in place for 501(c) (4), (5), and (6) organizations, and note required electioneering reporting of all 501(c) entities. Recognize the triggers for Schedule F. Recall the definitions of Interested Persons applied within each Part of Schedule L. Recognize the expanded compensation reporting and management practices inquired of in Schedule J. Appreciate both the need for bond counsel involvement in completing Schedule K and the diverse scenarios that trigger Schedule N. Identify the common reporting disclosures required in the presence of related organizations and the unique reporting demands applied, based on type of entity.

Revised Form 990 Jody Blazek, Amanda Adams, 2009-05-04 A line-by-line preparation guide to the completely new and revised Form 990 for nonprofit organizations The accurate and complete preparation of Form 990—the information return that must be filed annually by most types of tax-exempt organizations—is a key factor in maintaining public image and fundraising capabilities. The newly redesigned Form 990 was released in December 2008 with significant revisions to the initial June 2007 draft. Preparation of the new return will require tax-exempt organizations to gather extensive new information about their activities for disclosure on the new form beginning with their 2008 tax year. In *Revised Form 990: A Line-by-Line Preparation Guide*, authors Jody Blazek—who with other AICPA Task Force members was instrumental in effecting changes to the original IRS draft of the form—and Amanda Adams, provide step-by-step and line-by-line analysis and preparation guidelines for nonprofit professionals and nonprofessionals alike charged with preparing and submitting the form. This hands-on workbook walks you through the process of producing an annual report to the IRS that demonstrates continued qualification for exempt status for a nonprofit organization, explaining the information requested page by page and part by part. It addresses the issues and challenges for each part, particularly the new schedules. As each part is explained, the authors suggest when certain answers have negative consequences. Guidance is provided for functional expense reporting and generally accepted accounting principles for reporting revenues. A good discussion of the differences between book and tax reporting and records needed to accurately display financials for tax purposes is included. The Form 990-PF and Form 990-T are also examined.
